Hi Brian:

Here is a copy of the latest Post Construction Monitoring Report from the DEP. The report includes monitoring near the 4 existing CSO tanks; PCM for the Gowanus CSO controls may be added later.

The recently submitted CSO LTCP for the Gowanus includes monitoring information post-activation of the Flushing Tunnel, and this is probably what the City was talking about.

Stan,

At EPA's meeting about a month ago with the DEP, they said that they would shortly be submitting a post-construction monitoring report for the Gowanus.

I was wondering if that was something we'd gotten a copy of yet, or expected soon, as it may be helpful to have.

Thanks,
